

INTERNSHIP PROGRAM 2020

VINCOM CENTER

APRIL 21

NEX HAF
VIETNAM. SINGAPORE.

RESPONSIBILITIES FOR A SUCCESSFUL INTERNSHIP

The following serves as a guide to assist the faculty and student in establishing a successful internship. Please feel free to contact us regarding concerns, ideas and questions you may have.

ROLE OF NEX HAF AS EMPLOYER

Our primary role as employer is to ensure the provisions of internship opportunities offered is meaningful, and serves to enhance the Intern's educational experience as well as career development plan. We are responsible to provide:

- A clear description of duties;
- Establishing learning objectives and development skills in relation to the pre-professional experience;
- And then structure and supervise the internship to meet these objectives.
- The Reporting Supervisor of the Intern will provide feedback to the school on the Intern's performance.

ROLE OF STUDENT AS INTERN

An internship is an opportunity for students to synthesize classroom theory, personal skills and acquire genuine career-related work experience and new skills sets. Students will submit a résumé and a personal statement describing their academic and career goals, as well as any other information Nex Haf may require of them.

ROLE OF FACULTY

To support the facilitation of internship, the faculty should provide Nex Haf the related guide, information or academic assessments during the onboarding phase. It is recommended for intervention of faculty should needs arise during the internship pertaining to the outcome performance and learning objectives.
