

Seawater Solutions

Rethinking Farming

Job Description: Investment Planning and Strategy Consultant

Seawater Solutions

Seawater Solutions is a UK based agriculture start-up specializing in cultivation of salt-tolerant plants. These plants are relatively unknown to markets in Vietnam, but trials have demonstrated significant interest for these crops among Vietnam based retailers. If successful, these crops can have significant implications for rural communities affected by salinity intrusion and salinized land. At this point, numerous organizations, both domestic and abroad, have expressed interest in investing into Seawater Solutions Vietnam. We therefore require a comprehensive investment plan which we can propose to organisations interested.

Responsibilities

Your main task will be to draft an investment planning and strategy document for prospective investors of Seawater Solutions: Vietnam, which will describe potential investment and partnership options. You will work closely with Vietnam project manager: Nicholas Shell, our finance team in the UK, and will be provided with the necessary financial and technical information required to compile the document. Our organisation also has support from external financial and business development consultants. The document must be compiled in both English and Vietnamese languages.

You will also be asked to support Seawater Solutions in financial record keeping and translation of key documents and communication materials.

Requirements

- Proficient communication skills in both English and Vietnamese
- Ability to analyse and communicate financial data
- Knowledge in finance and investment strategy
- Strong interpersonal and listening skills
- Motivation to constantly learn and develop own knowledge and skills
- Ability to follow instructions and to work with limited supervision
- Passion for rural/environmental issues is a bonus

Working Location

Dalat Foodie Office: 42 Đường số 21, Phường 8, Gò Vấp, Thành phố Hồ Chí Minh.

Open to work-from-home options.

Benefits

7 million VND/month with additional 250,000VND/day remuneration for work period beyond 60 days.

Any planned holidays or leave must be specified upon signature of contract. 2 days sick leave granted.

Work period: upon signature of cooperation agreement. Agreement will be terminated on the 4th February 2021. Long-term employment opportunities will be available following this agreement termination date.
